A) Getting Started

A1. Installing GreenChilli:

- 1) First, make sure you have the latest WordPress installation, by checking the update panel within your current WordPress installation. If you don't have WordPress already, you can download it from the WordPress repository here: <http://wordpress.org/download/>
- 2) Download the WordPress theme ZIP file from the MyThemeShop admin panel, and save it somewhere handy on your computer, as you will be using the included files for the rest of the installation process. Unzip the downloaded ZIP file onto your computer, but don't upload the unzipped folder to your WordPress installation just yet.
- 3) Inside the unzipped folder, you will notice a variety of files and folders such as theme PSDs, documentation, your license, and also a greenchilli.zip file. From here, you have two options for installation, outlined below and explained in detail in the following sections:
 - Installation from the WordPress admin panel: If you want to upload the theme via WordPress admin, simply navigate to the 'Appearance' tab, choose the 'Themes' tab, and select 'Install Themes'. Then, simply select greenchilli.zip from the extracted folder, and upload it using the WordPress integrated uploader.
 - Installation via FTP: If you are using FTP client (such as FileZilla) to upload your theme files, simply extract greenchilli.zip from within the unzipped folder, and then upload the resulting greenchilli folder to /wp-content/themes.

A2. Installing via WordPress Admin panel:

Login to your WordPress admin panel, such as yoursite.com/wp-admin/ and then navigate to Appearance > Themes > Install Themes, and upload greenchilli.zip file.

The image consists of two screenshots of the WordPress dashboard, illustrating the process of installing a theme.

Top Screenshot: Manage Themes

- Left Sidebar:** Dashboard, Posts, Media, Links, Pages, Comments, **Appearance** (selected), Themes, Widgets, Menus.
- Main Content Area:**
 - Manage Themes** and **Install Themes** buttons are at the top.
 - Current Theme:** Twenty Eleven 1.3 by [the WordPress team](#). A red arrow points to the **Install Themes** button with the label "step 2".
 - Theme Preview:** A thumbnail image of the Twenty Eleven theme.
 - Description:** The 2011 theme for WordPress is sophisticated, light options for light or dark color scheme, custom link, a showcase to show off your best content, widget s Aside, Link, Quote, or Status posts. Included are st images on featured "sticky" posts), and special styl
 - Options:** [Widgets](#) | [Menus](#) | [Theme Check](#) |
 - Tags:** dark, light, white, black, gray, one-column, two-columns, left-sidebar, right-s header, featured-images, full-width-template, microformats, post-formats, rtl-lang

Bottom Screenshot: Install Themes

- Left Sidebar:** Dashboard, Posts, Media, Links, Pages, Comments, **Appearance** (selected), Themes, Widgets, Menus, Editor.
- Main Content Area:**
 - Manage Themes** and **Install Themes** buttons are at the top.
 - Search | Upload | Featured | Newest | Recently Updated** filters are available.
 - Install a theme in .zip format** section: *If you have a theme in a .zip format, you may install it by uploading it here.*
 - Choose File** button (highlighted with a red arrow and labeled "Step 3"), **No file chosen** text, and **Install Now** button.

OR

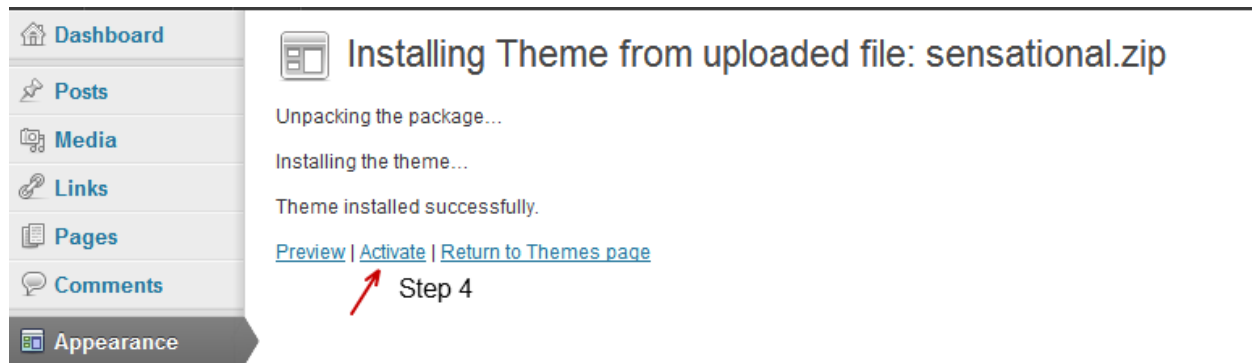

A.3 Installing via FTP:

- 1) Open your FTP client application (example: FileZilla).
- 2) Fill in your login details (host, username, and password), then press connect.
- 3) Once connected, navigate to 'wp-content' folder.
- 4) Navigate to 'themes' folder.
- 5) Now upload the "greenchilli" folder to /wp-content/themes.

A4. Activating the theme:

If you installed from the admin panel, after the theme .zip file has finished uploading, you should be presented with three options (Preview, Activate, Return to Themes). Select the “Activate” option.

If you installed via FTP, you will see these options appear on the Themes page.

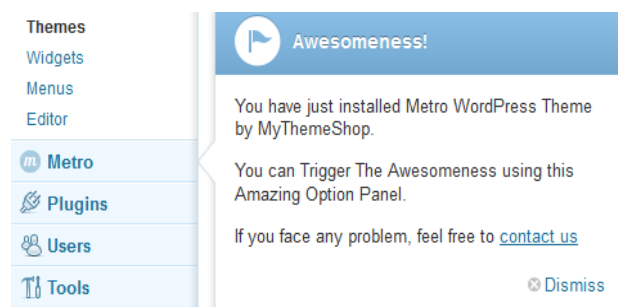

Note: Got an error during installation process? Try the following:

- Make sure you are using the latest version of WordPress.
- Make sure your hosting is running the latest version of PHP and MySQL.
- Be sure you have at least PHP 5 with GD-library installed on your server. PHP 5 is better. GD library is something that can be installed by your web server admin. If you do not have this, please ask for that to your web administrator, and also at least WordPress 3.2 engine is installed.
- Make sure your WordPress user has permissions to install themes and ability to upload to the /wp-content/themes/ folder.

B) Theme Options

Once you have activated the theme, you will see a welcome message, which will show you how to use the theme options panel. The theme options panel will allow you to configure the settings of your theme.

You will find all the instructions for each setting inside the MyThemeShop options panel. Now, have fun configuring your brand new theme, and explore the various options to make your site truly customized.

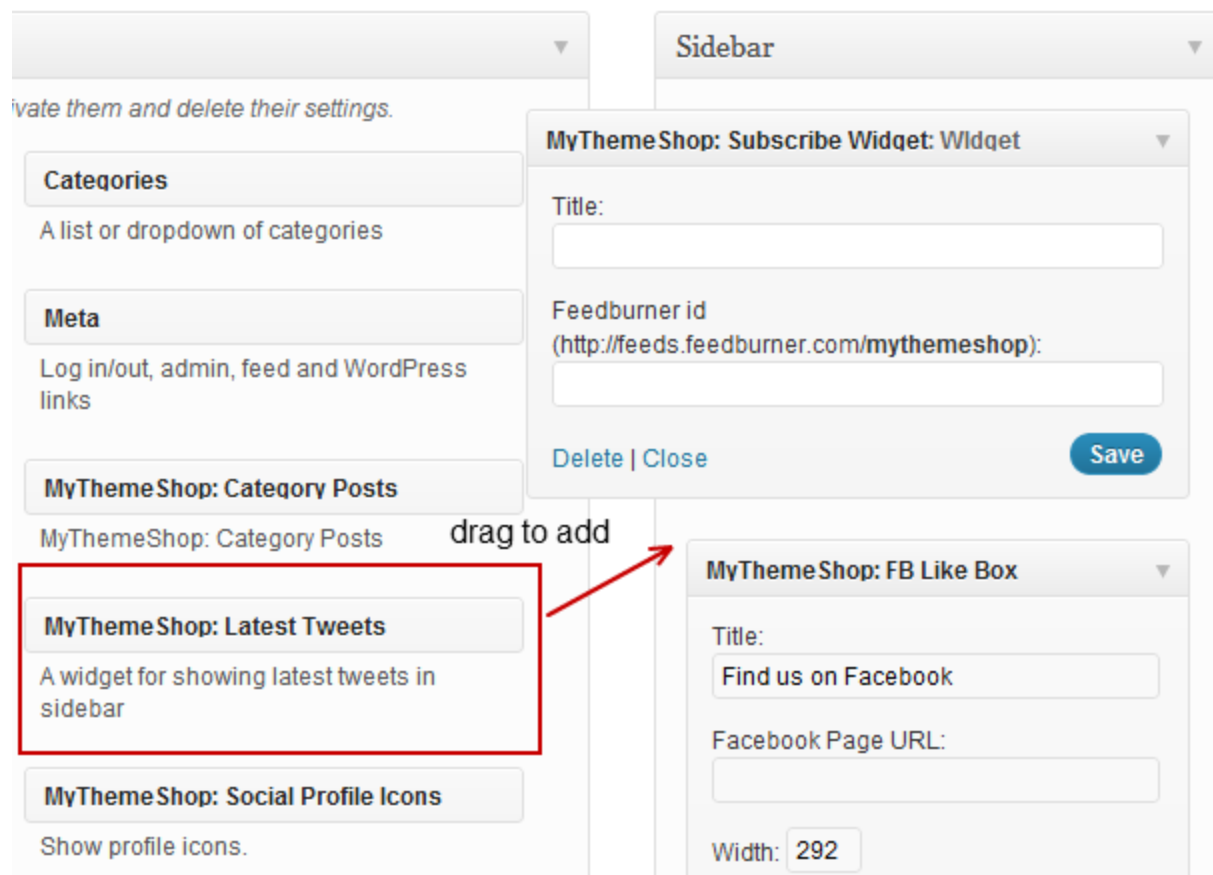

C) Custom Widgets

MyThemeShop offers 12 powerful custom widgets to help you easily add features and functionality to your WordPress theme without having to tinker with any code.

C1. Adding widgets:

First, decide what widget you are looking to add, and where you want it to appear on your site. To add the custom widget in your theme, navigate to "Appearance > Widgets", and drag the desired widget to the right side, under the "Sidebar" or "Footer" widgets box.

C2. MyThemeShop 125 x 125 Ad Widget:

This widget allows you to configure and display up-to **six** 125 x 125 banner advertisements.

- **Title:** Title of the widget.
- **Ad image URL:** The URL of your banner image e.g. <http://example.com/image.jpg>.
- **Ad link URL:** The destination URL of your banner ad e.g. <http://example.com>.
- **Randomize ads order?** Check this box to shuffle the display of the banners in a random order on each page load.

The screenshot shows a sidebar menu with a dropdown arrow. The selected item is 'MyThemeShop: 125x125 Ads'. The configuration form includes the following fields:

- Title:**
- Ad 1 image url:**
- Ad 1 link url:**
- Ad 2 image url:**
- Ad 2 link url:**
- Ad 3 image url:**

C3. Custom 300 x 250 Ad Widget:

This widget allows you to configure and display a 300 x 250 banner advertisement.

- **Title:** Title of the widget
- **Ad image URL:** The URL of your banner image e.g. <http://example.com/image.jpg>
- **Ad link URL:** The destination URL of your banner ad e.g. <http://example.com>

The screenshot shows a sidebar menu with a dropdown arrow. The selected item is 'MyThemeShop: 300x250 Ad'. The configuration form includes the following fields:

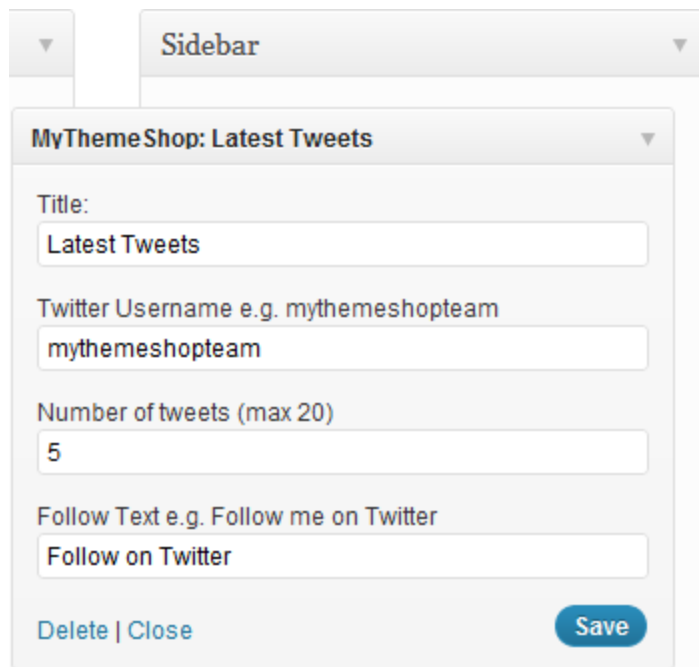

- Title:**
- Ad image url:**
- Ad link url:**

At the bottom of the form, there are two buttons: 'Delete | Close' and 'Save'.

C4. MyThemeShop Latest Tweets Widget:

This widget allows you to configure and display your latest Twitter tweets.

- **Title:** Title of the widget
- **Twitter Username:** Enter the username of your Twitter account
- **Number of tweets:** Choose the number of tweets to display – maximum allowed tweets is 20
- **Follow Text:** Choose the anchor text of the link to your Twitter profile. Omit this option if you do not wish to display a link.

The screenshot shows a sidebar configuration window for the 'MyThemeShop: Latest Tweets' widget. The window has a title bar with a dropdown arrow. Inside, there are four text input fields: 'Title' with the value 'Latest Tweets', 'Twitter Username e.g. mythemeshopteam' with the value 'mythemeshopteam', 'Number of tweets (max 20)' with the value '5', and 'Follow Text e.g. Follow me on Twitter' with the value 'Follow on Twitter'. At the bottom left are links for 'Delete' and 'Close', and at the bottom right is a blue 'Save' button.

C7. MyThemeShop Facebook Like Box Widget:

This widget allows you to add the Facebook Like box, and you can also configure the look and feel of it.

- **Title:** Title of the widget.
- **Facebook Page URL:** Add the URL of your Facebook fan page.
- **Width:** Control the width of the widget with this option.
- **Color Scheme:** This allows you to control the color scheme of the Facebook box to best match your theme.
- **Show Faces:** This option controls whether or not profile pictures are displayed in the widget.

The image shows a 'Sidebar' window containing a 'MyThemeShop: FB Like Box' widget. The widget has a title field with the text 'Find us on Facebook', a 'Facebook Page URL' field, a 'Width' field with the value '292', and a 'Color Scheme' dropdown menu set to 'light'. There are three checkboxes: 'Show faces' (checked), 'Show stream' (unchecked), and 'Show facebook header' (unchecked). At the bottom, there are links for 'Delete | Close' and a 'Save' button.

C9. MyThemeShop Social Profile Icons Widget

This widget allows you to connect with your audience on different social networks.

- **Title:** Title of the widget.
- **Open links in a new window:** When enabled, this will have the profile links all open in a new window, so that users are not directed away from your site.

Note: Connect with your audience/fans on different social media sites. Just enter the complete URL, e.g. <http://twitter.com/#!/mythemeshopteam>, in the box below the name of the desired social network.

The screenshot shows a sidebar widget titled "MyThemeShop: Social Profile Icons". It contains several configuration options: a "Title" text input field; a checkbox labeled "Open links in new window?" which is currently unchecked; an "Icon Border Radius" input field with the value "3" and a "px" unit; an "Icon Color" input field with the value "#999999"; a "Hover Color" input field with the value "#666666"; and five social media URI input fields for "Dribbble URI", "Email URI", "Facebook URI", "Google+ URI", and "LinkedIn URI".

C.10 MyThemeShop Subscribe Widget:

This widget allows you to add the FeedBurner email subscribe box on your blog.

- **Title:** Title of the widget
- **FeedBurner ID:** Just enter your FeedBurners ID, e.g. [mythemeshop](http://feeds.feedburner.com/mythemeshop)

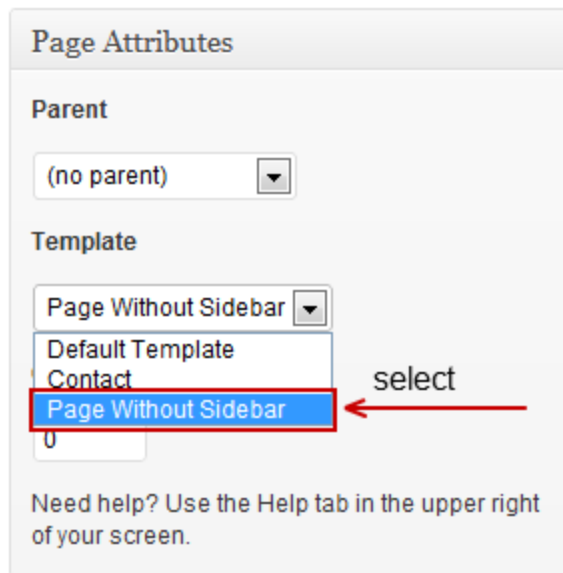

The screenshot shows the "MyThemeShop: Subscribe Widget" settings. It includes a "Title" text input field and a "Feedburner id" input field. The "Feedburner id" field has a placeholder text "(http://feeds.feedburner.com /mythemeshop):" and contains the value "mythemeshop". At the bottom, there are two links, "Delete" and "Close", and a blue "Save" button.

E) Full-Width Page

Your theme comes with a pre-made “Page without Sidebar” template that is very easy to add into the theme.

E.1 Adding the full width page:

Go to your WordPress Admin panel, navigate to Pages > Add New, go to Page Attributes > Template and choose the “Page without Sidebar” template from the drop-down menu.
